First Day of School

On the first day of school, all SGA student leaders will be wearing these shirts. If you are lost, have a question, or need a friend for lunch the first day, ask any of them and they will help!

Freshmen Advice

1. Set goals
2. Use a planner
3. Make friends that motivate you to do great things
4. Improve your study skills
5. Get good grades
6. Get to class on time

7. Don't skip class
8. Push yourself, don't be afraid to be successful
9. Ask questions or ask for help. Important to advocate for yourself in a respectful way.
10. Think before you post
11. Get involved or volunteer
12. Have fun!

Freshmen Advice

“If you’re nervous about not knowing anybody, it’s important to know that most people feel the same way. Your best bet to meet new people is to start talking to people in your classes on the FIRST day, since everyone is looking for new friends as well.”

-Taylor Stewart, Junior Class President

“My best advice is to make useful connections whether it be older students or faculty/staff. It’s something I wish I did freshmen year because it really helps out when you want to use your voice or say any concerns or ideas you have about the school. Also, helps for when you need good references/letters.”

-Cristina Gatti, SGA Student Body President

“My best advice is to try everything that interest you. High school is the time where your personality and character are developing. Our school offers so many things, programs, and sports- something for everyone.”

-Jasmin Quiros, Senior Class President

“Some advice is to get out of your comfort zone and talk to people in your clases, and even people outside of your classes. Like Taylor said, everyone is looking for new friends. Getting out your comfort zone can help you achieve many things.”

- Musu Sheriff, Sophomore Class President
